

7000 Series Digital Deskphones

7000 Series Digital Deskphones

Find the phone that meets your small business feature and affordability requirements without compromising best-in-class performance. These high-quality, stylish phones offer a wide range of user-friendly features to suit many business environments and users.

MEET THE NEEDS OF YOUR ENTIRE TEAM, IN EVERY ROLE

These deskphones set the standard for durability, reliability, and flexibility. These high-quality, stylish phones offer a wide range of user-friendly features to suit many business environments and users—from the front desk to the conference room, from supervisors who spend their days on the phone to mobile workers who are rarely at their desks.

The 7000 Series Digital Deskphones combine advanced functionality with ease of use. The phones provide caller ID, conferencing, managing two calls simultaneously, voicemail, and abbreviated dialing capability. Audio quality is exceptional, delivering crystal clear signals to minimize noise or interference. For enhanced security, the T7406E uses a 64-bit encryption key.

The 7000 Series Digital Deskphones support Avaya Business Communications Manager and can be easily added as your business grows.

7000 Digital Deskphone

An entry-level digital telephone with no display that is ideally suited for basic office scenarios. It is available in EMEA, CALA, and Asia.

7100 Digital Deskphone

A single-line telephone designed specifically for public areas such as lobbies, cafeterias, hallways, break rooms or other locations where phone use is occasional.

7208 Digital Deskphone

An enhanced, multi-line telephone with an integrated LCD display that is perfect for office professionals and technical specialists.

7316E Digital Deskphone

A full-featured, expandable, multi-line telephone favored by supervisors, managers, and executives requiring advanced system features.

7406E Digital Mobile Handset

A full-featured, multi-line cordless digital telephone with a range of up to 1000 feet from the base station. Each site can support one to eight people. It is available in NA and most parts of CALA (excluding Trinidad and Jamaica).
