9400 Series Digital Deskphones

An Intuitive Interface Lets You Start Using These Phones Fast

DESIGNED TO WORK IN MIXED ENVIRONMENTS

Deliver deskphones with smart design and crystal-clear audio to a wide range of users in your enterprise. Maintain staff productivity and streamline communications with these intuitive and easy-to-use deskphones that have large displays, a familiar and intelligently-designed button layout, and an integrated speakerphone.

The 9400 Series Digital Deskphones are ideal for deployment in mixed digital and IP telephony environments, and for companies upgrading from or adding to existing Avaya endpoints. These phones can make a significant contribution to lowering the TCO of your communications solution.

9408 Digital Deskphone
